Media Accreditation

The OC must create a media invitation 60 days before the event for local media that will in turn be sent out to international media through the OC's and ITTF's contacts.

The OC may use ITTF's online form and database to collect the details of the accredited media.

Press accreditation is for working media only. Family and friends of the media do not qualify for press accreditation at any time. It is not appropriate to have children in a press working area.

All accreditation should be confirmed to the media in writing, along with a schedule of activities that includes time of the pre-draw press conferences, the draw, daily start of play, transport schedule and any media function planned.

When the OC received international media accreditations, the OC must inform the ITTF for approval.

The final media accreditation list, including all the contact details must be emailed to ITTF seven days prior to the event.

Accommodation & Visas

A hotel (at least 3 stars) close to the venue must be offered to the media. If there is not a hotel in walking distance from the hotel, transport must be provided for the media.

It is acceptable if the OC offers the media to stay in the official hotel and use the official transport system.

If the ITTF has approved international media to attend the event, the OC must assist them to obtain a visa if needed.

Press Kit

For the local and international media that is not accustomed to table tennis, a press kit is very helpful. The press kit should be created in the local language and English.

An announcement must be made on the venues loud speaker in the local language and English informing the media that the press conference will be taking place in the press conference room. There also must be signs in the press centre informing the media about the press conference schedule.

Players name tags and water must be put on the main table.

The press conference must be held in the local language and English. If the players involved in the press conference do not speak these languages, the relevant translator must be present.

Run Order:

The press conference is run in the following order by the OC media officer:

1. Asks the media to take a seat as the press conference is about to begin
2. Introduce the players on the panel and congratulate them for winning the gold and silver medals
3. Ask the runner up to say a few words about how their tournament went
4. Ask the winner to say a few words about their feelings to win the event
5. Open the floor up for questions to the media. When asking questions the media must state their name and media agency. Only allow for 5-6 questions to ensure the press conference does not take too long. If there are no questions from the media, the OC media officer should ask their own questions to the players about the final
6. Close the press conference by thanking the players and media for attending

NOTE: if there is going to be less than 5 media attending the press conference, it should be cancelled and media should access the players in the mixed zone. If this is the case, the OC needs to convey this to the media ASAP.
