- From the first round of the Main Draw onwards.
- Prior to each match the players are free to select 20 balls out of approx. 30.
- The assisting umpire has a certain number of balls and throws the next ball to the player between points, during the match, and the players will not pick up the ball from the floor (net balls can be replayed).
- The use of volunteers collecting the balls after each point is preferred, to avoid having a certain number of balls on the floor during TV matches and creating a practice session feeling.
- The ball boys/girls should be located outside the show court out of the main camera view.

2.4. **Draws**

a. **Main Draw**

The draw for the seeded players will be conducted as following:

- Done 1 day prior to the start of the qualifications, not later than 16:00.

- In case a higher number of seeded players cancel its participation, the Competition Manager and the Referee can decide to re-draw the seeded players.
